The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Minneola Wastewater Extension in Fiscal Year 2027. The entity to receive funding for this project is the City of Minneola located at 230 18340 Scrub Jay Lane, Minneola, FL. The funding will be used to support construction needed to expand the existing wastewater facility which is currently unable to reliably keep up with demand.

The project is an appropriate use of taxpayer funds because it will ensure reliable wastewater collection and treatment, protecting public health and the environment. City of Minneola population has nearly doubled since the last census. An expanded wastewater facility is needed to improve environmental sustainability, and ensure the facility can continue to meet regulatory standards while safeguarding public health and water quality.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Daniel Webster
Member of Congress
