The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Community Health Centers Inc in Fiscal Year 2027. The entity to receive funding for this project is Community Health Centers, Inc. located at 110 S. Woodland Street, Winter Garden, FL 34787. The funding would be used to help construct a new health center that will serve low-income individuals across Lake County.

The project is an appropriate use of taxpayer funds because it will reduce reliance on costly emergency care, strengthen the local healthcare workforce, and support healthier communities - contributing to improved public health outcomes that benefit the entire nation.

The Center is projected to serve more than 4,500 patients annually through an estimated 15,000 visits, which will expand access to affordable, comprehensive healthcare in Clermont and across Lake County, where rapid population growth and provider shortages continue to strain the healthcare system. The new health center will increase access to primary care, dental, and behavioral health services, helping residents receive timely preventive care and better manage chronic conditions. By creating approximately 30 full-time healthcare jobs and strengthening access to affordable care, this project will enhance the health and economic condition of Lake County.

The project has a federal nexus because the funding provided is consistent with purposes authorized in the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Daniel Webster
Member of Congress
