The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Monteverde Drinking Water System Improvements in Fiscal Year 2027. The entity to receive funding for this project is the Town of Montverde located at 17404 Sixth Street, Montverde, FL 34756. The funding will be used on construction of two existing Water Treatment Plans, including replacement of generators, building repairs, roof replacement, water distribution repairs and undersized pipes.

The project is an appropriate use of taxpayer funds because the project supports federal goals related to drinking water reliability, infrastructure resilience, emergency preparedness, and public health protection. These federal funds will be used to address capacity and infrastructure deficiencies, enhance system reliability and resilience, and ensure the continued delivery of safe and dependable potable water to residents and businesses.

The project has a federal nexus because the funding provided is for purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Daniel Webster
Member of Congress
