The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Orlando International Airport in Fiscal Year 2026. The entity to receive funding for this project is the Greater Orlando Aviation Authority located at One Jeff Fuqua Boulevard, Orlando, FL 32827.

The funding would be used to construct variable message signage (VMS) to provide updated airport information to travelers, which will better manage traffic flow and capacity throughout the public airport's roadway system. The project is an appropriate use of taxpayer funds because it will help increase road safety and traffic flow at one of the busiest airports in the country. The Orlando International Airport serves as a gateway to the Central Florida region and adequate surface transportation access is critical to the economic viability of the region. The project has a federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Daniel Webster  
Member of Congress
