The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for City of Clermont 8th Street Pier Stormwater Infrastructure Improvements in Fiscal Year 2026. The entity to receive funding for this project is City of Clermont, located at 8th and Osceola Streets, Clermont, FL 34711.

The funding would be used for stormwater improvements that include pervious pavement, pavers in the driveway, promenade, sidewalk, and parking area; subgrading for parking and sidewalks; stormwater piping, retention, detention, and filtration facility with treatment; conveyance water course restoration; watershed management and pollution control. The project is an appropriate use of taxpayer funds because waterfront protection and revitalization are critical to protecting water quality, access to clean water and Florida's natural resources.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Daniel Webster
Member of Congress
