The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Southbound Jeff Fuqua Realignment project at Orlando International Airport in Fiscal Year 2024. The entity to receive funding for this project is the Greater Orlando Aviation Authority located at One Jeff Fuqua Boulevard, Orlando, FL 32827.

The funding would help deliver improvements to the intersection of Jeff Fuqua Boulevard and South Park Place/Station Loop Road at Orlando International Airport (MCO). More than 115,000 vehicles per day already travel through MCO terminals causing traffic delays that result in unsafe conditions and affect airport operations. The project is an appropriate use of taxpayer funds because it will simplify traffic movements, reduce congestion, decrease pollution from idling vehicles at red lights, and improve overall traffic flow at one of the nation's busiest airports. The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Daniel Webster  
Member of Congress
